

STRATEGIC PARTNERSHIP THE MACHINERY GROUP & UBO ENGINEERING

The Machinery Group and UBO Engineering proudly announce that they have entered into an intensive strategic partnership starting on 1 September 2024, and marking an important milestone in the development and diversification of both companies.

ABOUT UBO ENGINEERING

UBO Engineering, with a rich history of more than 85 years, has developed into one of the leading suppliers of machines and installations for the concrete industry. They offer a wide range of solutions, including:

- Concrete (mortar) plants
Control systems
Bucket conveyors
Recycling installations
Stone/tile presses
Finishing machines
Carousel systems
Machines for the concrete reinforcing industry
Transfer installations
Conveyor belts
Storage silos

ABOUT THE MACHINERY GROUP

The Machinery Group, consisting of CONSMEMA Metalworking, KTB Machinery and ROTH Machining, has built a strong reputation in the prefab concrete and manufacturing industry:

- CONSMEMA Metalworking: Specialized in complex metalworks since 1924, with expertise in welding constructions, sheet metal processing and prefab concrete moulds.
KTB Machinery: Expert in machine construction and production optimization, focusing on turn-key projects, innovative special machines and robotization.
ROTHI Machining: All-round specialist in turning, milling, welding and overhaul work, with additional services in surface treatment and assembly.

FUTURE

This partnership matches our vision to contribute to smarter concepts and installations of the future. Also, it is an important step for the strategy of both companies to offer total solutions for the concrete sector. UBO Engineering and The Machinery Group will continue their activities from their own locations and under their own brand names. By combining the strengths of our 80 plus enthusiastic experts, we can operate more efficiently and fully utilize our joint expertise and resources. We are convinced that this partnership will result in lasting innovative solutions and even higher quality of our products and services.
